GET INVOLVED

WITH BOOBALICIOUS 2020

While Boobalicious is a fantastically entertaining evening of fun and celebration, let's not forget the reason it exists: to raise vital funds for Breast Cancer Care WA. One of Perth's hardest working charities, Breast Cancer Care WA receives no recurrent government funding, relying solely on the kindness of the Western Australian community to fund the provision of emotional, practical and financial support to the many West Australian women and their families living with a diagnosis of breast cancer.

You can assist with this fundraising by donating your goods and/or your services to our live auction, raffle, silent auction, Booba-envelopes and guest gift bags! You might be surprised to learn what has the potential to contribute significantly to our event so please, if you would like to offer your support as a sponsor, contact the Boobalicious Committee and discover the excellent promotional benefits sponsors receive in the lead up to and during the event!

A WORD FROM

ZOE McALPINE

CHIEF EXECUTIVE OFFICER
BREAST CANCER CARE WA

Breast Cancer Care WA provides specialist breast care nursing, counselling, and financial support to women – and men – affected by breast cancer, as well as their partners and families, throughout WA. Every year we support over 1,000 clients in the metropolitan area, as well as regional and remote communities.

When a person receives a diagnosis of breast cancer, their world and the world of their entire family changes forever. Our services are available for the whole family and cater to the unique needs and challenges faced by each individual. We provide our services

in WA free of charge, and our aim is for every single person who is affected by breast cancer to be able to access the expert help our team of in-house specialist breast care nurses and counsellors can provide.

Our specialist breast care nurses act as guides and advocates, helping with everything from interpreting test results and explaining treatment plans so that clients can make informed decisions about their health, to speaking with treatment teams to ensure care-coordination within the hospital system and, if requested, physically accompanying clients to medical appointments.

Our professionally trained and experienced counsellors facilitate 16 support groups every month, including one for partners, and various therapy workshops, and provide one-on-one counselling sessions at our offices, or in the home, and phone or video chat sessions for those living in regional or remote areas.

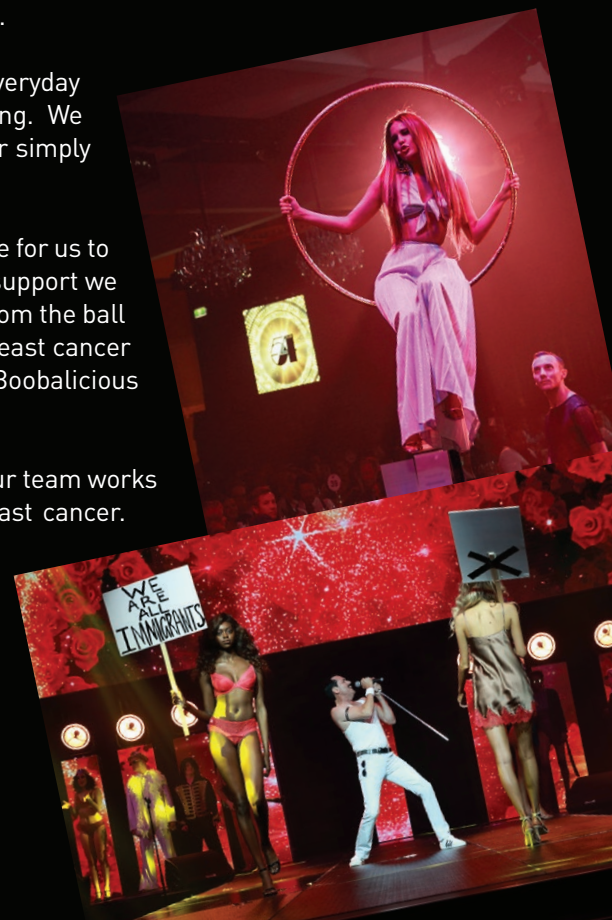

We also provide practical assistance at a grass-roots level, helping with everyday challenges such as appointment transportation, babysitting and gardening. We also offer financial support for those who need help with rent, school fees or simply putting food on the table.

This year we are celebrating our 20th anniversary, and it would not be possible for us to offer this level of integrated care to our clients without the years of ongoing support we have received the annual Boobalicious Ball. In 2018 alone, proceeds raised from the ball enabled us to provide support and care for over 1,000 families affected by breast cancer in WA. It is no exaggeration to say that without the continuing support of the Boobalicious Ball, Breast Cancer Care WA would not exist today as we know it.

The Boobalicious Ball gives us a unique opportunity to showcase how hard our team works every day to make a positive impact on the lives of people affected by breast cancer. By attending you are directly helping your fellow West Australians who are doing it tough due to a diagnosis of breast cancer. Our heartfelt thanks to the team at Boobalicious for their phenomenal efforts in enabling Breast Cancer Care WA to provide our much-needed services. Your support is making a vital difference.
